

STEAM SOLUTIONS & PRODUCTS

- Steam Trapping (Ball Float Trap, Inverted Bucket, Thermodynamic Trap, Thermostatic Trap)
- Piston Valve for complete seal & zero leak application
- High Pressure Gate and Globe Valve up to 2500#
- Pipeline Ancillaries (Y-Strainer, Moisture Separator, Sight Glass, Liquid Level Gauges)
- Condensate & Heat Recovery System (Steam Injector, Pressure Powered Pump, Flash Vessel, De-Aerator Head)

HIGH QUALITY BALL VALVES

- Design : 1PC Body, 2PC Body, 3PC Body & High Performance
- Port : Reduced & Full Port
- Body : SS316 / Carbon Steel
- Seat : TFM1600, PTFE with 25% Carbon Filled, MG1241, GNP
- Conn. : BSPT / SW / BW / Flanged
- Rating : 800 WOG / 1000 WOG / PN16 / PN50 / PN64 / PN100 / ANSI 150 / ANSI 300
- Service & Repair Kits are available

Masoneilan®

CAMFLEX® II 35002 ROTARY CONTROL VALVE

- 2 way, Rotary Globe Pneumatic Actuated
- ON / OFF, Modulating Control
- Carbon Steel / SS316 Body
- SS316 Seat
- Flangeless & Flanged Connection
- ANSI 150 / 300 / 600 Pressure Rating
- Process Control / Boiler Feedwater Control

PROCESS BUTTERFLY VALVE

- Design : Wafer / Lugged / PTFE Lined
- Body : Cast Iron / Ductile Iron / SS316
- Disc : SS316 / Duplex SS / PTFE Coated
- Seat : NBR / EPDM / PTFE / Viton
- Rating : PN16
- Service & Repair Kits are available

STEVI® INDUSTRIAL PROCESS CONTROL SOLUTION

- Pneumatic or Electric Actuated Globe Control Valve for pressure, temperature, flow and level control
- 3-way valves for precision mixing or diverting control
- Direct acting pressure reducing valve with diaphragm actuator and water seal pot
- Thermal closing valve for easy industrial heating application
- Flow media: Steam, cooling water, warm water, hot water, gas, refrigerant, heat transfer oil, etc

FLOWMETER & PROCESS INSTRUMENT

- Electromagnetic Flowmeter, Vortex Flowmeter, Liquid Turbine Flowmeter
- Pressure Transmitter, Radar Level Transmitter

PRESSURE GAUGE & THERMOMETER

- Fully Stainless Steel Pressure Gauge
- Black Casing General Gauge
- Thermometer with Capillary Tube
- Sliding Screw, All Angle Bimetallic Thermometer

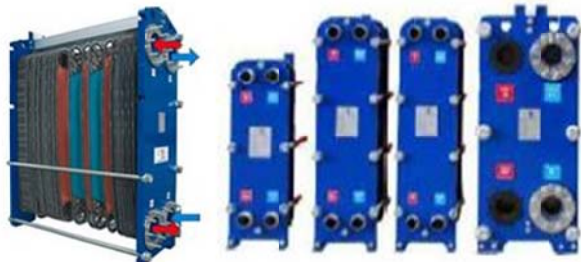

VALVE AUTOMATION & CONTROL

- Pneumatic & Electric Actuator
- Namur & Universal Mount Solenoid Valve
- Filter Regulator, Volume Booster & Lock Up Valve
- Electro-Pneumatic Positioner & Smart Positioner
- Limit Switches

PLATE HEAT EXCHANGER

- Gasketed Type, Fully Welded, Brazed & Modules Type
- Nozzle Size from 25mm to 500mm
- Flowrate from 15m³/hr to 4000m³/hr
- Used in Edible Oil Refinery, Power Plant, Pulp & Paper, Chemical Plant & Steel Mill.
- Heating & Cooling of Edible Oils, Cooling of Co-Generation Plant, Cooling of Waste Water

PROGRESSIVE CAVITY PUMP

- High efficiency and low energy
- Flow range of 0.7 – 400m³/hr
- Maximum working pressure 24bar
- Wastewater with up to 45% solid content

PUMP SOLUTIONS

- Liquid Ring Vacuum Pump (Double-Stage Displacement)
- ANSI Centrifugal Pump (Process Pump)

SEALING SOLUTION

- Gasket Sheet (CAF & CNAF)
- Pre-cut Gasket
- Spiral Wound Gasket
- Ring Type Joint
- Metal Jacketed Gasket
- Kammprofile Gasket
- Gland Packing

SPECIALTY LUBRICATION

- Specialty High Performance Lubricants
- Applications that beyond capabilities of conventional grease
- Save energy by reducing friction and wear
